

Middle East Bank Kenya Ltd

Qualitative Disclosures For The Year Ended 31 December 2022

1. Financial Performance

The Bank's profit before tax increased by 261% (or Shs 393 million) from Shs 151 million in 2021 to Shs 544 million in the year ended 31 December 2022. This was mainly due to a major NPA recovery, growth in non-interest income and net interest income. The profit after tax was Shs 403 million (2020: Shs 123 million).

2. Financial Position

The Bank's balance sheet grew by 15.9% (or Shs 1.8 billion) from Shs 11.2 billion in 2021 to Shs 13 billion in 2022. Total shareholder funds increased by 28% from Shs 1.4 billion at 31 December 2021 to Shs 1.8 billion as at 31 December 2022. This increase is attributable to the increased profitability year on year. Liquidity ratio at 31 December 2022 was 49.9% (31 December 2021: 52.1%).

The Bank reported strong capital adequacy ratios which continue to be well above the minimum statutory ratios. The Bank's core capital grew by 29% to Shs 1.7 billion (2021: Shs 1.3 billion) against a minimum capital requirement of Shs 1 billion.

3. Risk Management Strategies and Practices

The Banks' risk management policies and processes are designed to identify and analyze risk, set appropriate risk appetite, limits and controls, and to monitor the risks and adherence to limits by means of reliable and up-to-date data. Risk management policies, models and systems are regularly reviewed to reflect changes in market, products and best market practice.

The Board of Directors is responsible for setting overall risk appetite of the bank and oversees the management of the most significant risks through regular review of risk exposures and related key controls. The Board Risk and Compliance Committee (BRCC) is responsible for monitoring the Banks' risk profile against the agreed risk appetite and reports on the same to the Board. At management level, there is the Risk Management Committee (RMC) which oversees the risk management process and ensures checks and balances are in place to curb against any would be arising risk. The Risk and Compliance Manager is a member of the senior management team of the bank and has overall day to day responsibility for risk management and reports directly to the BRCC. The Internal Audit function is responsible for the independent review of risk management and the control environment.

4. Risk Exposures

The Bank has adopted a Risk Management Framework for identifying, monitoring and addressing the various risk exposures faced in our day to day operations. In addition various limits are in place with respect to risk exposure within which the Bank must operate. These limits are monitored on a daily basis and reported to the RMC on a monthly basis and to the BRCC and Board of Directors on quarterly basis.
