This was mainly due to growth in foreign exchange income as well as growth in interest income from Loans and advances and government securities.

2. Financial Position

The Bank's balance sheet grew by 40% (or Shs 4.37 billion) from Shs 10.83 billion in 2022 to Shs 15.21 billion in 2023, mainly due to increased investments in government securities from Shs 3.2 billion in 2022 to Shs 4.3 billion in 2023 as well as growth in loans and advances to customers to close the period at Shs 7.9 billion from Shs 5.4 billion same period in FY 2022.

Total shareholder funds grew by 31% from Shs 1.48 billion as at 30 June 2022 to Shs 1.95 billion as at 30 June 2023 due to increased profitability year on year.

The Bank was well above the minimum statutory ratios on liquidity, core capital to deposit liabilities, core capital to risk-weighted assets and total capital to risk weighted assets.

3. Risk Management Strategies and Practices

The Banks' risk management policies and processes are designed to identify and analyze risk, set appropriate risk appetite, limits and controls, and to monitor the risks and adherence to limits by means of reliable and up-to-date data. Risk management policies, models and systems are regularly reviewed to reflect changes in market, products and best market practice.

The Board of Directors is responsible for setting overall risk appetite of the bank and oversees the management of the most significant risks through regular review of risk exposures and related key controls. The Board Risk and Compliance Committee (BRCC) is responsible for monitoring the Banks' risk profile against the agreed risk appetite and reports on the same to the Board. At management level, there is the Risk Management Committee (RMC) which oversees the risk management process and ensures checks and balances are in place to curb against any would be arising risk. The Risk and Compliance Manager is a member of the senior management team of the bank and has overall day to day responsibility for risk management and reports directly to the BRCC. The Internal Audit function is responsible for the independent review of risk management and the control environment.

4. Risk Exposures

The Bank has adopted a Risk Management Framework for identifying, monitoring, and addressing the various risk exposures faced in our day-to-day operations. In addition, various limits are in place with respect to risk exposure within which the Bank must operate. These limits are monitored daily and reported to the RMC monthly and to the BRCC and Board of Directors on quarterly basis.

5. Related Parties

Our total insider loans and advances to Directors, shareholders, associates and employees increased from Shs 571.90 million as at 30 June 2022 to Shs 635.45 million as at 30 June 2023. The Bank has complied with the Prudential Guidelines on the prescribed level of insider lending.

6. Group Structure
